

Prevention Program

- Periodically the school brings dogs trained to search and detect the presence of any illegal substances or weapons.
- Conferences for students and parents given by federal agencies, which provide educational opportunities about drug prevention and drug treatment.
- Strengthening the Health curriculum.
- **Mandatory drug testing program for student leaders (class officers, athletes, club/organizations officers, National Honor Society mem-**

New students applying for High School (10th -12th grades) will have a mandatory drug test.

The cost of the test will be covered by the parents.

*Cupeyville School
2011-2012*

Drug Free and Proud of it Program

A mandatory drug testing program

Cupeyville School is committed to educate our students (at all levels) of the danger of illegal substances. It is the full intent of our school to protect the security of all students and to take quick and decisive actions with respect to the use of illegal substances.

DRUG FREE AND PROUD OF IT PROGRAM

The purpose of this program is to:

- ◆ Help protect the health and well-being of all students.
- ◆ Help counteract negative peer pressure by providing students with a reason to refuse drugs.
- ◆ Assist in fundamentally changing the culture in our school regarding tobacco, alcohol and other drug use.
- ◆ To encourage and assist students with drug problems to seek help in overcoming those problems.

Drug Free School Statement

Drug use of any kind is incompatible with the physical, mental, and emotional demands placed upon the positive image a Cupeyville School student leader models to other students and to the community on behalf of our school.

Therefore, any possession, use, sale, or distribution of illegal substances will be handled with great seriousness. In determining what is best for the students and the school, the administration will consider all the relevant facts and circumstances surrounding any incident that is brought to its attention.
