YEAR IN REVIEW

At Cupeyville School we believe that Family and Community are essential components in the educational development of each child. Cupeyville instills a strong sense of belonging and pride that transcends generations.

During the past 3 years since its creation, the Cupeyville School Parent Squad has been dedicated to strengthening, promoting and expanding the unity among our parent community. We continue to build this relationship with the as we move forward with our focus project, the completion of the Cupeyville School Performing Arts Center, located above the High School Information Center.

As many of you already know, these new facilities require materials and construction for its access tower, as well as auditorium equipment, restrooms, and storage room .

The original architectural design of the access tower has an estimated cost of construction and materials of \$200,000.

Cupeyville School Performing Arts Center

We are excited to inform that we have recently begun steps to move forward with the project in phases. We hope to complete Phase 1, the construction of the staircase,

by the end of Summer 2017. As we develop the funding, we will continue with Phase 2, auditorium equipment, Phase 3, restrooms and Phase 4 storage room.

Year to date, the Parent Squad has generated a total of **\$23,836** by executing fundraising programs such as the Cupeyville School Taste Food and Wine Fest, Discount Card Sales, Product Sales and Magic with Reynold Alexander.

Most importantly, the parent community joined together towards one common goal and the success of these programs was brought about by this extraordinary parent support.

We still have a long way to go, so keep supporting your Cupeyville School Parent Squad anyway you can.

With your help we will **Build Something Together!**
